"bridging the lending gap"

Alternative Financing **Typical Business Scenarios**

- Business is growing rapidly - no cash to fulfill new contracts
- Bank credit lines maxed out - owner does not qualify for additional funding
- Limited access to cash
- Inadequate funding to initiate or complete new contracts
- The business cannot pay bills according to their terms
- Uncollected Accounts Receivable is 30, 60 or 90 days old
- Cash flow shortages cause delayed or missed payments to creditors
- Supplier lines of credit are closed - purchases are limited to cash only
- Supply costs are increasing - volume, early payment discounts and other opportunities to grow the business (and increase profits) are lost
- Cash flow problems curtail growth, sales slump, and business teeters toward insolvency
- New business with a short history in business, needs cash to execute a contract

If your company's performance and growth is restrained by one or more of these scenarios, Alternative Financing is a dependable financial solution.
